

Transitioning High School and Beyond - The Journey Begins (Paperback)

By MS Velyn Cooper

Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Many persons have graduated from high school only to discover that it wasn't what they expected it to be. Those who planned for a life after graduation HAVE a life after graduation, while those who just wanted to get out of high school and be their own man or woman, were faced with rude awakenings after finding themselves just living or existing after graduation. This book was written to provide soon-to-be high school graduates with inspirational thoughts, prayers, quotes, scenarios and scriptures to encourage them in making positive choices and sound decisions before graduating from high school. It is hoped that these positive choices will be a solid foundation on which they can build their future.

Reviews

I actually started out looking at this publication. It was actually written really perfectly and useful. It's been written in an extremely simple way and it is only soon after I finished reading through this pdf by which it really modified me, change the way I really believe.

This pdf will be worth buying. Better than never, though I am quite late in starting to read this one. I am easily able to get enjoyment of reading through a published book.
