Based on interviews with today s cutting-edge scientists, investigative journalist Lynne McTaggart wrote *The Field* (HarperCollins, 2002)--a compelling presentation of the theory that there is a measurable life force in the universe. Now in this original audio adaptation by the author, McTaggart takes listeners on a journey into this exciting arena of science called the Zero-Point Field that could be the key to understanding supernatural forces, healing energy, and the nature of consciousness. Offering a challenging new vision of the future--and insights on how this science can immediately affect our own lives--here is a unique opportunity to hear Lynne McTaggart as she unveils the mysteries, discoveries, and wonder of *The Field*.
